John P. Kelly, County Clerk

Ocean County Clerk's Office

118 Washington Street, P.O. Box 2191

Toms River, NJ 08754-2191

RE: OPEN PUBLIC RECORDS ACT REQUEST — BULK ELECTRONIC EXPORT**Records Period: 2026-04-01 through 2026-04-30****1. Statutory Basis**

This is a request under the New Jersey Open Public Records Act, *N.J.S.A. 47:1A-1 et seq.*, for government records of the Ocean County Clerk's Office. Custodian: County Clerk John P. Kelly.

2. Records Requested

All recorded instruments indexed in your office during the period **2026-04-01 through 2026-04-30** for the document types listed in the table below. The Ocean County Clerk's public search system (sng.co.ocean.nj.us/publicsearch) confirms these document type abbreviations are in active use for indexing.

Group	Doc-type abbreviations
Foreclosure-firing	LISPEN, NOTLIS, NTCELIS, FINJUDGE
Tax-firing	INREM, MTSC, TSC, FEDLIEN
Lien-firing	CONLIEN, MECHLIEN, MECHNOI, PHYSLIEN, BRTYLIEN, WAREXEC, WRITEXEC, S
Estate-firing	TAXWAIVE, DISCLAIM, TRUSTAGR
Transfer-firing (deeds, with sub-type detection)	DEED
Negative / de-escalation (still requested for accuracy)	DISCH, DISCHLIS, DISTSC, RLFESLEN, DSCOLIEN, DSMELIEN, DMECHNOI, DPHYLIEN, DS

3. Required Fields per Record

For each instrument, please include: instrument number, recording date, document type code (the abbreviation as indexed), document type description, all grantor names, all grantee names, consideration amount, book number, page number, parcel reference (block / lot / qualifier as recorded), municipality, case number where applicable (e.g. lis pendens, foreclosure), and any associated lien amount or judgment amount field.

If your indexing system has a unique parcel-permanent-identifier (PAMS-PIN), please include that field as well — this allows us to join records to the NJ Department of the Treasury's MOD-IV statewide parcel layer for analysis.

4. Format and Delivery

We are requesting machine-readable bulk data, not paper certified copies or PDF conversions.

Acceptable formats: CSV (UTF-8), Microsoft Excel (.xlsx), or any flat-file database export (one row per recorded instrument). One file per document-type group is acceptable, or a single consolidated file with a doc_type column.

Delivery preference: email to *infinitygauntletllc@gmail.com*. If file size exceeds ~25 MB, please advise and we will provide an SFTP endpoint or use a county-provided file-transfer mechanism.

Per *N.J.A.C. 5:33-2* (Special Service Charge Schedule for Electronic Records) and *N.J.S.A. 47:1A-5(b)*, we expect the fee to reflect the **actual cost of duplication for electronic delivery**, which for native database exports is typically nominal or zero. We are **not** requesting manual conversion of paper records or any reformatting of stored data — only an export of records already in your indexing database.

5. Standing Monthly Order

Pursuant to the standing-records-request mechanism permitted under NJ OPRA practice, we request that this same export be delivered **monthly for the next twelve (12) months** covering each prior calendar month, beginning with the period above. This allows your office to fulfill the request once-per-month rather than processing twelve separate requests. We will reaffirm the request annually.

6. Response Window

We anticipate a response within **seven (7) business days** (approximately 2026-05-15) per *N.J.S.A. 47:1A-5(i)*. If additional time is required, please notify us in writing with an estimated completion date.

7. Contact

For any clarifying questions, please contact:
